

Vision, Mission & Values

Parent Forum
11th March 2016

VISION:

Where we want to get to
The mountain we have to climb

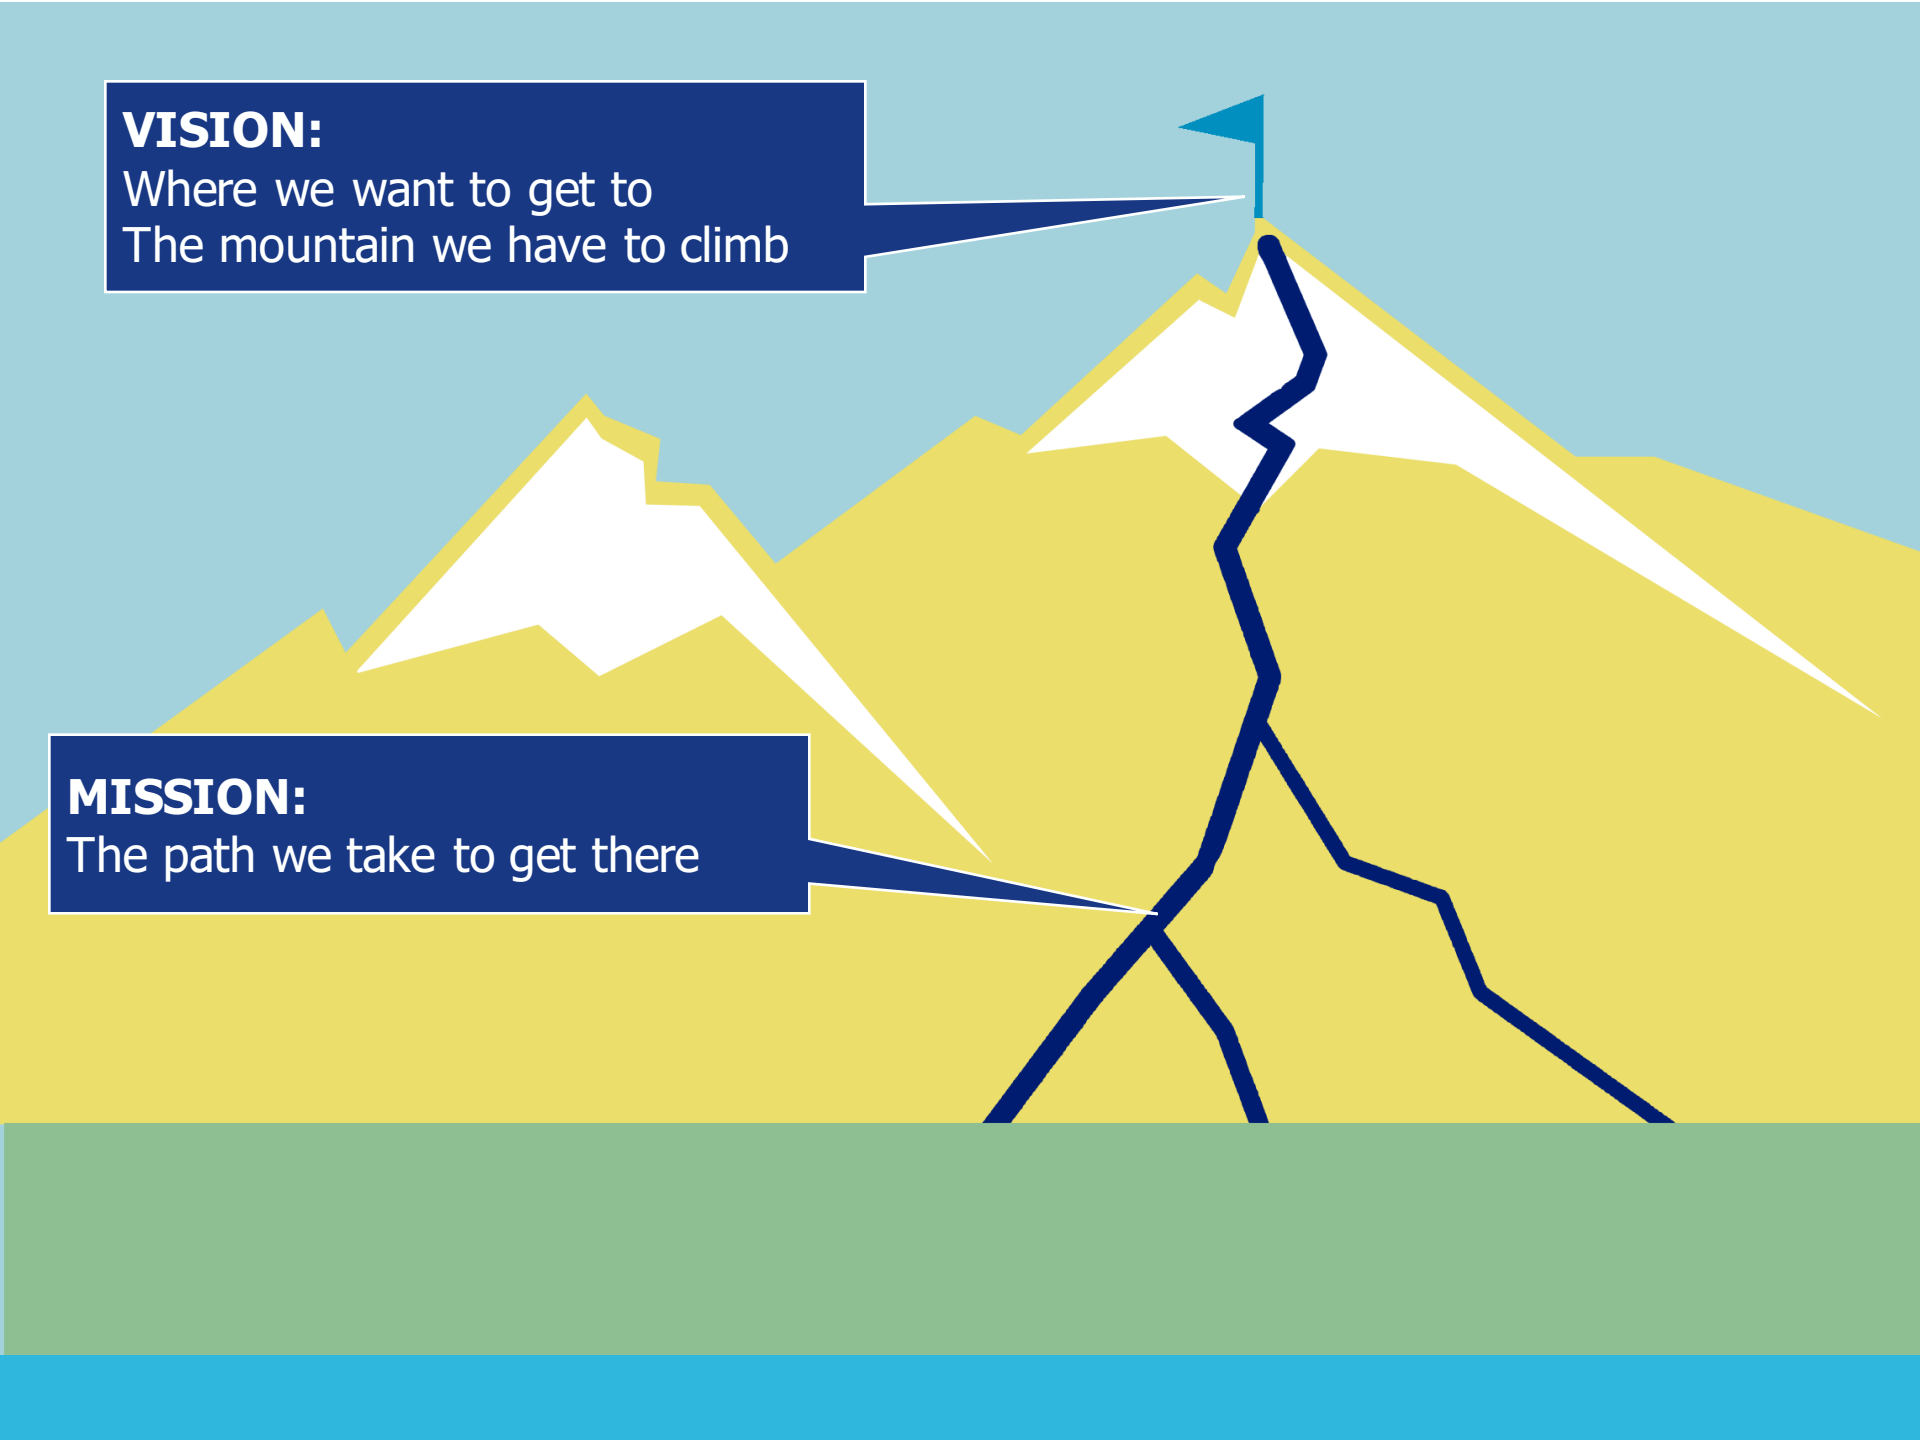

VISION:

Where we want to get to
The mountain we have to climb

MISSION:

The path we take to get there

VISION:

Where we want to get to.
The mountain we have to climb.

MISSION:

The path we take to get there.

VALUES:

The way we behave.
Who we need to be to succeed.

Parent Forum Meeting

Friday 11th March 2016

Discussed the vision – what we would want our school to look like, how we go about getting it there.

Ideas generated included (and agreed we were doing some of it now and some planned for the future)

- The school to be aspirational
- Children leave school as confident and ready to face the outside world
- Be confident and inclusive children
- Be happy with a good academic standard
- Be an outward looking school – like the idea of 'host' school for tournaments and holiday clubs
- Provides other opportunities within the core curriculum – to be fun and exciting such as more music and creative art such as drama
- Before/lunch time music clubs where parents are given the opportunity to pay for extra tuition
- Like the idea of more sport in school and this has the competitive edge
- Discussed more trips and how these could be funded
- Like the fact that the school is an extension of home – welcoming
- Discussed opportunities for real life experiences – such as dealing with money, recycling etc.
- Fundraising for the school to have a visual reminder and for parents to know what they are fundraising for
- Utilising the outdoor areas
