18<sup>th</sup> June 2018

Dear Parents,

**Sex & Relationship Education for Years 5 & 6**

In this last half term, we will be delivering some lessons based on Sex and Relationships. The topics covered include puberty, hormone changes and how these may effect relationships.

The children have already covered animal (including mammals) reproduction in science lessons, but will cover some of the content again.

The session will also give the children the opportunity to ask questions.

If you would like more details about the content of the sessions, which resources we will be using, a copy of our Sex and Relationships policy or would like to request your child does not attend these sessions, then please speak to Mr Bassett or myself.

Yours sincerely,

Mrs Karen Bilner  
Headteacher
