

**Computing**  
**Creating Media - Stop Motion - Year 2 / 3**

**What will I learn?**

**\*Can we explain what animation is?**

**\*Can we understand what stop motion animation is?**

**\*Can we create a stop motion animation?**

**\*Can we plan a stop motion animation?**

**\*Can we create my project?**

**Key Vocabulary**

**Animation** - Pictures or photographs in a sequence to give the illusion of movement.

**Animator** - Someone who specialises in the creation of animations.

**Background** - T.

**Contraption** - An old-fashioned device.

**Decompose** - To break something down into smaller chunks.

**Design** - To make, draw or write plans for something.

**Device** - Equipment created for a certain purpose or job.

**Download** - Having files from the internet, intranet or another device.

**Film review** - Writing your opinion about a film.

**Filming** - Using a video recorder to capture moving images.

**Flipbook** - Using still images to make it appear a picture is slowly moving.

**Frame** - Each individual picture or slide.

**Import image** - To place a picture into a document or into other software.

**Moving Images** - An image that moves.

**Key Skills (National Curriculum)**

**Pupils should be taught to**

- Use logical reasoning to predict the behaviour of simple programs.
- Use technology purposefully to create, organise, store, manipulate and retrieve digital content.
- Recognise common uses of information technology beyond school.

**Onion Skinning** - An editing technique used to see several frames at once.

**Plan** - An idea about how to do something in future.

**Sketch** - A rough drawing to help you plan.

**Software** - A series of instructions written for a computer to follow.

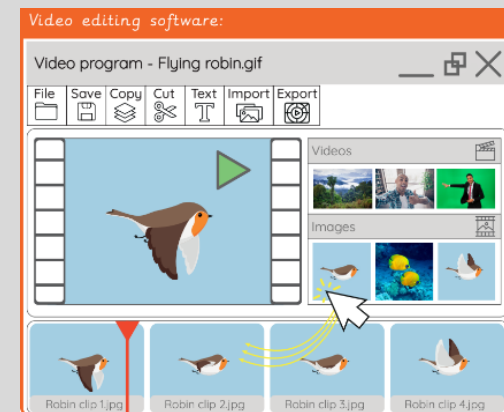

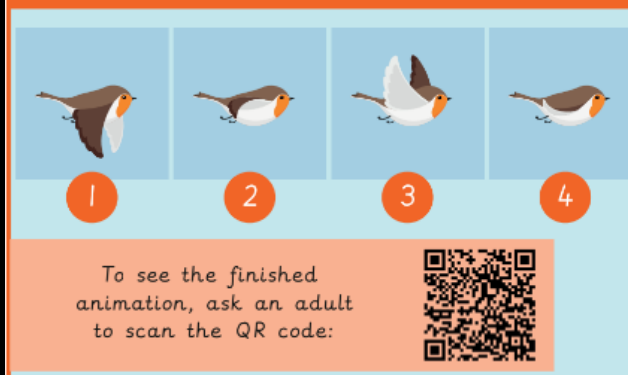

**Stop motion** - A sequence of photographs used to create an animation.

**Storyboard** - A sequence of sketches that show what you plan to make for an animation or video.

**Still Images** - An image that does not move.

**Upload** - To send files from one device to another device.

*Animations are made up of a sequence of still images, the sequence below makes the robin look like it is flying.*
